Malayalam  
English

### WORK EXPERIENCE

#### GLOBOSOFT

2024-NOW

Software Developer

Software Developer at Globosoft with expertise in designing and developing dynamic websites, APIs for mobile applications, and comprehensive e-commerce platforms. Skilled in full-stack development and delivering scalable, user-friendly solutions tailored to client requirements. Proven ability to optimize performance and implement innovative features across diverse projects.

#### IVBM OPC PVT LIMITED

2023-24

Jr. PHP Laravel Developer

As a PHP Laravel Developer at IVBM, I played a key role in developing HRMS software that streamlined employee lifecycle management, including recruitment, attendance, and payroll. I also designed and built a responsive business website to enhance the company's digital presence. My responsibilities included leveraging the Laravel framework to create scalable and secure applications, integrating APIs, and optimizing database performance. Collaborating with cross-functional teams, I ensured timely project delivery while maintaining high-quality standards through thorough testing and debugging.

### PROJECTS & LINKS

#### LAND BANK - REAL ESTATE CRM

Landbank is a comprehensive real estate CRM and multivendor platform designed to streamline property transactions and management. It caters to diverse roles such as administrators, sellers, investors, buyers, agents, legal professionals, and developers. With robust APIs developed for mobile applications, Landbank ensures seamless communication, transaction tracking, and operational efficiency across all user roles, fostering a collaborative ecosystem for the real estate industry

#### CASPIAN HRMS

Caspian HRMS is an integrated HRMS and CRM platform designed to manage the complete lifecycle of employees, from hiring to retirement. It streamlines HR processes, including onboarding, job tracking, performance evaluation, and retirement planning. The system also facilitates comprehensive management of client employee job details, offering a centralized and efficient solution for human resource and customer relationship management needs.

## SANSKEY CRM

Developed and implemented APIs for 'Sanskey CRM,' a multivendor CRM platform that facilitates role-based functionalities for admin, employees, and managers. The platform also includes product-selling capabilities and integrates seamlessly with mobile applications to enhance accessibility and efficiency for users.
